Serving those who have served

The Office of Veterans Affairs and Military Programs is responsible for all benefits, events, support, and outreach for veterans at the University of Connecticut. Additionally, our office works closely with the two resident ROTC Departments on campus to support their mission of training and preparing top ranked students for leadership in the United States Army or Air Force. The University of Connecticut has a long history of support for its veterans and military members and our office seeks to build upon this.

If you or a member of the community are interested in assisting with any of our efforts, or have new ideas of your own, we encourage you to come forward and see how together we can make UConn the premier destination for veterans and service members in the United States.
