Welcome Back!

As we start another semester, I can’t help but think about how different this past year has been, and what hopes I have for this year. I’m sure many of you have similar thoughts, such as wanting to see friends you haven’t seen much over the past year, wanting to keep your family and friends safe, and hoping to dive back into the challenges of school, work, service, family, and more that so many in our community balance every day.

I would be remiss to not mention the withdrawal from Afghanistan, as well as the 20th anniversary of 9/11. While the VAMP (Veterans Affairs & Military Programs) newsletter is not a place to wax poetic or make political statements, I will only say that both Afghanistan and 9/11 are interwoven with my life, have defined many things for me, and are part of who I am. I know this is the case with many of you as well. In VAMP we all see and hear you, and value not only your service, but your commitment to this nation, as well as to each other.

When I think about my hopes for this semester, most of all, I look forward to seeing all of you again, as does the whole VAMP team. Please stop by our office any time, for a cup of coffee, with questions, to get help, for study space, or just to chat.

Be Safe, Be Well, and Take Care of Each Other,

Alyssa

**Veteran of the Month: Ericka Washington**

The Office of Veterans Affairs & Military Programs (VAMP) at UConn is pleased to recognize Ericka Washington as UConn’s Veteran of the Month. Ericka recently joined the team at UConn’s Office of Veterans Affairs and Military Programs as an Outreach Coordinator. She is working closely with the VA Work Study program in addition to being a main liaison with the staff and students at the regional campuses to ensure military-affiliated students have the resources and tools they need at all UConn campuses. Ericka shares, “I truly enjoy working with soldiers, veterans, and their families to maximize their benefits whether they are educational or retirement based.”

Ericka recently retired from the Army National Guard where she served in various positions within Human Resources, with her last assignment as the Retirement Services Officer in which she assisted soldiers and their families with retirement and benefit planning. Currently, Ericka is pursuing a Master’s Degree in Psychology with concentrations in Child and Adolescent Development and Mental Health Counseling. Her goal is to open a wellness center offering different treatment and intervention methods for children and adolescents who have experienced trauma. Ericka wants her wellness center to offer mentorship, psychotherapy, cognitive behavioral therapy, rational emotive therapy, animal assisted therapy, reiki, and floatation therapy.

Ericka advises all military-affiliated students to ask for help when needed and she understands it can be difficult for current and former military members to ask for help in a time of need. Ericka explains, “There are so many resources that are not commonly known throughout our population of students and the resources available at UConn and within our office might surprise you. We are truly here to help each veteran achieve their educational goals.”

We always welcome nominations for Veteran of the Month. If you know someone you’d like to nominate (including a student, staff or faculty member) please contact Nikki Eberly at Nikki.eberly@uconn.edu with the name of the person and reasons for your nomination.
